THE LAW GIVING TITLES TO MINERAL LANDS.

On the 26th of July, 1866, an Act was passed enabling claimants of veins of gold, silver, copper and cinnabar, to acquire the title of the Government to such veins. The provisions of this act are short, simple, easily comprehended and complied with. The owner or claimant of a mineral lode, of either of the classes named, has to make a diagram of his claim, and a notice that he intends to apply to the Government for a patent for it. This diagram and notice must be filed with the Register of the Land Office in which the claim is situated, and copies must be conspicuously posted, for 90 days on the claim. The Register, on the filing of the diagram and notice and publishes for ninety days a notice of the same in a newspaper located nearest to the claim, so that adverse claimants, if there are any, can file objections to granting the patent. No contestants appearing, the U. S. Surveyor-General is required to survey and make a plot of the claim, and designate the number and description of the location, the value of the improvements and the character of the vein exposed. Upon the payment by the claimant of \$5 per acre, together with the cost of such survey, plot and notice, the Register of the Land Office must transmit to the General Land Office his survey, plot and description, and a patent issues for the same.

Nothing could be plainer or simpler than the provisions of this statute which are epitomized. It would seem that the officers of the Government, who are required to act under it, might proceed with their duties without hesitation or delay. But they do not. They await the action of the Commissioner of the General Land Office at Washington, who, they say, accompanies each new law relating to the public lands, with definite instructions to all his subordinate officers, to guide them in their action, and so secure uniformity under the law over the whole country. Six months have passed since this law was enacted, and no owner of a mineral lode in our State can avail himself of its provisions because the local Government officers decline to act until the Commissioner's instructions are received. Perhaps this statement is too sweeping, for we learn that lately, after much importunity by mine owners, the Land Officers of the Stockton and Visalia Districts have consented to receive and file diagrams and notice of applications for patents—expecting that before the 90 days required for publication expire, the instructions of the Commission will be here. If they should not arrive by that time it seems probable that these officers will decline to take any further action under the law.

Certainly there ought to be a remedy for this trouble. If our Senators and Representatives at Washington will explain the situation of affairs to the Commissioner of the Land Office, it is likely that he will either issue such instructions to his subordinates here as may be required, or authorize them to act upon the terms of the law without any special instructions. We have heard that the Commissioner was asked not long ago if he had done anything under the law. He answered that he was waiting for a case to arise by application for a patent, when he would give his decision. It would appear from this that the officials here and at Washington are each waiting for the other to act, and hence a dead lock to the advantage of mine owners. A word of explanation at headquarters ought to set this right. What we want is action under the law by the officers of the Government in this State, so that the beneficial results anticipated from having sound titles to our best mines may be speedily realized.—S. P. Bulletin.

THIRTY-TWO YEARS AGO.—In commenting on the life of Douglas the New York Tribune says:

Thirty-two years ago, when Douglas left his Green Mountain home for Illinois, his great rival, Lincoln, was keeping postoffice, fresh from the glories of the Black Hawk war, Andrew Johnson was mayor of a little mountain town in Tennessee; Jefferson Davis, a lieutenant of dragoons, was chasing Indians; Seward was grieving over his defeat as governor; Breckinridge was studying the orations of Cicero against Cataline at Kentucky college; Chase endeavoring to gain law practice at Cincinnati; Sumner was entering the Boston bar; Broderick was cutting stone, Grant was a school-boy in his teens, and Farragut was watching the honor of his flag on the torrid coast of Brazil.

JUST THE MAN.—A telegram says the President has nominated John M. Murphy for Governor of Idaho. The Tribune says he was once indicted by the Grand Jury of Wasco county, Oregon, for malfeasance.

POISONED BY MISTAKE.—A telegram dated Visalia, January 17th, says:

On Monday last, Dr. H. Peake of this place, while feeling unwell, stepped into Blake Brothers' drug store, and swallowed a dose from a bottle which he supposed to be diluted ammoniac. It proved to be liquor ammonia fortissimus, which instantly prostrated him. Antidotes were immediately administered, and every possible exertion made to save his life, but at 7 o'clock on Tuesday morning, his sufferings were relieved by death. He was very highly esteemed as a citizen and an accomplished physician.

THE LATEST.—The latest and most important news from Washington is that the President has signed an act passed by Congress:

SENATOR WILLIAMS, on the 10th ult., introduced a resolution to prohibit the immigration of Chinese into this country.

HALL's Journal of Health says it is not healthy to "cuddle up" in bed.

NOTICE is hereby given, that the following described Townships and Plats were filed in the Register's Office, on the 21st day of December, A. D. 1866:
Township 11 North, Range 9 East.
Township 10 North, Range 11 East.
Township 18 North, Range 7 East.

Settlers upon lands in the above described Townships are hereby notified to file their declaratory statements in the Register's office, at Marysville, within the time prescribed by law, otherwise their rights will be forfeited.
The above named lands are within the limits of the Central Pacific Railroad Reservation.
Persons who settled on any of the above named lands prior to the 12th day of September, 1862, (the date of said Reservation) and who have from the time of their settlement to the present time continued to reside on and cultivate their lands, making their houses thereon, and complying with the requirements of the Pre-emption Law, will be entitled to enter their land by pre-emption, whether on even-numbered or odd-numbered sections, and pay for the same either with money or military Bounty Land Warrants at the rate of \$1 25 per acre; provided they file their claims in this office within three (3) calendar months after the date of this notice, and provided the lands so sought to be entered are not mineral.

Persons who settled on any of the even numbered sections of above named lands subsequent to September 12th, 1862, can in like manner enter and pay for them at \$2 50 per acre; provided they file their claims within the time above named, and the lands are not mineral.

Persons who settled on any of the odd-numbered sections of the above lands subsequent to the 12th of September, 1862, cannot enter or pay for them, nor file and claim in this office for the same.

To the FLORENCE SEWING MACHINE CO. for

the Best Family Sewing Machine,

HIGHEST Premium! Gold MEDAL!

REASONS:

1st.—Its simplicity and great range of

work.

2d.—The Reversible Feed Motion.

3d.—The perfect finish and substantial

character in which the Machine is

made.

4th.—The rapidity of its working and

the quality of its work.

5th.—The self-adjusting Tension.

The Florence was awarded the first and highest

premium at the State Fair of California, the only

Fair on the Pacific coast at which any two double

thread Sewing Machines were exhibited in competition

in 1865.

The Florence received the only premium awarded,

by the Mechanics' Institute of San Francisco, in

1864 and 1865, to any Sewing Machine. Sewing

Machine Co., or Agent. The claim of a competitor to

a medal is without foundation whatever.

Wherever the Florence has been brought in com-

COUNTY AGRICULTURAL SOCIETIES.

We have received a circular from I. N. Hoag, Esq., the efficient Secretary of the State Agricultural Society, addressed to the people of California, in which he recommends the establishment of Societies in the different counties and shows the necessity of such organizations as well as the benefits to be derived from the adoption of the course recommended. The county Societies will be able to collect more complete statistics and general agricultural information than has heretofore been furnished the State Society which will compile and place in complete tabular form the knowledge so received and publish it for general distribution, thus giving to each county society the benefit of the knowledge received from the entire State. The idea appears to us to be a good one and we hope Mr. Hoag's suggestions may be acted on.

With a view of putting in operation such an organization, and of eventually accomplishing the objects above set forth, the State Board of Agriculture appeal to the people in every county in the State to meet together as soon as convenient, and form themselves into societies, as above indicated; when so organized to report to the Secretary of this Board the name of the organization and the name and address of each of its officers. For the sake of convenience and uniformity, each Society might elect a Board of (say nine) Directors, properly distributed over the county to whom should be entrusted the general management of the Society, and the collection and distribution of the information desired. From these might be selected, near a central locality, a President, Secretary and a Treasurer, to constitute an Executive Committee, to carry out the general plans of the Board, and for correspondence.

Whenever the State Board of Agriculture shall receive notice of such organization, and a desire for such co-operation, from twenty-four counties of this State, they will elect the officers of such Societies members of the State Societies, and will put into immediate operation the necessary machinery for accomplishing the objects above indicated. They are already in such communication as will enable them to receive and distribute monthly the necessary statistics from most of the States of the Union. If the people of the several counties will act at once, the benefits of such an organization may be secured to them this season. Will you do it?

Direct any communication to the undersigned, at Sacramento.

I. N. HOAG, Secretary.

MURDER AT CISCO.—A telegram from Cisco says the Sacramento Bee, says that an old colored man named Uncle Billy was found murdered in his cabin near that place on Thursday night, his head, resting on a folded comforter, against the side of the fire-place, as if he had been sleeping, when the murderer entered and struck him several blows with an ax, one across from the jaw to the back of the neck, almost severing the head from the body, and two or three others on the face and forehead, cutting open the skull and exposing the brain in the most horrible manner. Robbery was doubtless the object of the murder, as Uncle Billy was supposed to have money, and had been seen to receive pay for a lot of charcoal yesterday. No trace of the murderer has yet been found.

MURDER.—On Friday last, Albert A. Austin, accompanied by P. H. Murphy, a Constable of Sacramento county, to the residence of A. G. Detrick, American Township, for the purpose of serving an execution. After Austin and Murphy arrived at Detrick's and when discharging their duty, R. H. Seeger who was lodging at the house got up and proceeded to where the Constable and Austin were and deliberately shot and killed Austin. He was afterward arrested and was undergoing an examination before the Police Court on Monday and yesterday.

EXPLOSION.—On Saturday last, Messrs. Buckman & Co., put in a charge of powder to clean out the rubbish which had accumulated in an old shaft in their claim at Little York, which did not explode, and on Sunday they went in to see it, and on Monday, Messrs. T. M. Buckman, Thomas Patterson, Alex. McMullen and J. M. Buckman again visited the tunnel under the shaft, and whilst there, the two first-named gentlemen being ahead, and the other behind—the explosion occurred, very seriously injuring those in front, and partially burying the men in the rear. There were two men in the mouth of the tunnel working at the time who were sensibly affected by the concussion.

NEWSPAPER CHANGE.—We learn that J. C. Boggs, Esq., former proprietor of the *Stars and Stripes* newspaper, sold the same last week to Daniel Rice of Newcastle. We do not know that Mr. Rice has any experience in the newspaper line, but presume he has not, as we hear that W. A. Selkirk, who formerly made that paper interesting is again to control its editorial columns. We congratulate our friend Boggs, on retiring from a business that demands every attention without an equivalent compensation.

COOLIE TRADE.

On the 14th inst., Banks of the House, offered a resolution declaring that "it is the duty of the Government to give effect to all its agencies to prevent the introduction of Coolies into this hemisphere." Adopted unanimously.

On the 16th, Sumner, from the Committee on Foreign Relations reported a resolution declaring "the Coolie trade odious, inhuman and immoral, and that it is the duty of the Government to prevent the further introduction of this trade on this Continent, or in the adjacent Islands," which was agreed to.

The evil effects in a moral, industrial, and Governmental point of view, so long felt in California from the Coolie trade and Coolie labor, have at length awakened opposition in the Hall's of Congress.

Has there ever been an age in which capitalists have not sought to avail themselves of every means in their power to buy up necessitous labor at their own price? Has civilization learned no wisdom from three hundred years of Feudalism and African slavery? Is any portion of this fair heritage of God, whether on the Pacific or Atlantic slope of this Continent, to be occupied with Asiatic Coolies to the exclusion of native born citizens and free labor?

Is any portion of this broad Continent, reserved by a merciful and all-wise Providence to be the rightful home of a higher, wider-spread, more beneficent civilization; when lowly born intelligent laborers may command fair day's wages for "fair day's work," to be surrendered to capitalists and their tendencies and ultimate consequences, ten-fold worse than those from which the Nation is now struggling to extricate itself? Has intelligent labor, with its eye and face beaming with the divine radiance of science, with hope of a diviner friction of happiness on Earth, built up this goodly magnificent "Temple" of Art, Science, Industry, Literature, Religion, Civilization with its Clipper Fleets and Steamships traversing every sea of the habitable globe, only more especially to make a more elegant sumptuous, happy home for Asiatic Goths and Vandals, and those who may chance to be able to import them for their especial benefit? No. This goodly land is the common birthright of all its children. Of the lowly born, appointed to labor, as well as of the millionaire. Let the Golden gateways of the West and the iron and granite gateways of the East, be closed against a race totally foreign in language, culture and religion. Who can neither understand nor will regard an oath, have no respect or regard for law or government, can never be Americanized, and of whom so large a per cent, are thieves and murderers.

Let millionaires, capitalists, let all so fortunate as to be able to employ labor pay the price which the labor of angly-Americans will command in the market, as work with their own hands. Let there be no privileged class; all being sharers equally in a common inheritance. No importation of foreign semi-civilized nuisances to make the rich richer and the poor poorer, shutting the door of honest labor against America's sons and daughters, driving them to destitution and often to a worse condition we will not name.

Is it so?—We see it stated by several of our exchanges that Hiram R. Hawkins, so well known in this county, and formerly editor of the Gold Hill (Nev.) News, and more recently consul to Tumbez, had lately died at the latter place. We hope the report is unfounded, as Mr. Hawkins, wherever he was known endeavored himself to all by his genial spirit and warm-heartedness. He had his faults—and who has not—yet apart from his great social habits, he was the soul of honor and nobleness. May the sod rest lightly upon his manly form.

DIPHTHERIA.—We understand that this disease, which has resulted so fatally heretofore to the little folks, has made its appearance again in town. As almost every remedy is eagerly sought after in time of trouble, we refer our readers to the recipe published in Saturday's ENQUIRER for the cure of this disease. If applied in time it is said to be extremely efficacious, and the trial can do no harm and may be the means of saving the darling of some parent.

THE Auburn murder, by which Mr. McDaniel lost his life is still enveloped in mystery. There is a reward now offered of four thousand dollars, and it is expected that the Board of Supervisors and Governor will increase it to six thousand. Certainly the Supervisors should take some steps to bring the fiends who committed this diabolical outrage to justice.

STORM.—On Monday last our place was again visited by a terrific hail and snow storm, whitening the spots that had become bare since the former snow, and turning off extremely cold. Snow at Cisco we learn, is three feet deep.

ROAD NOTICE.

WE, the undersigned, having viewed and located a route for a Plank and Turnpike Road leading from Dutch Flat, in the County of Placer, State of California, to the Nevada boundary, do hereby declare our intention to organize a company for the construction of the same under an Act of the Legislature of the State of California, entitled "An Act to incorporate the Plank and Turnpike Road Company of Placer County," and to cause the same to be constructed and to be maintained.

Approved May 12, 1863. Said road to be dug, graded and turnpiked from a point commencing at the Placer Brewery, Dutch Flat, County of Placer, running down the Dutch Flat ravine to a point known as Gardner's Crossing, on Bear River; crossing Bear River into the County of Nevada, running up the divide to Little York; thence down the divide to a point on Sheep Hollow, known as the Little York and You Bet Crossing, crossing the same and running up the divide to You Bet, connecting with the road leading from You Bet to Nevada, in Nevada County. The subscribers are hereby notified that there will be a meeting held at the office of Wells, Fargo & Co., Dutch Flat, on Wednesday the 23rd day of January, 1867, at one o'clock, P. M., for preliminary organization.

DISTRICT COURT SUMMONS.

STATE OF CALIFORNIA, COUNTY

of Placer, ss. District Court of the 14th Judicial District of California, The People of the State of California to THEODORE C. WITHAUP, Greeting:

You are hereby Summoned to answer the complaint of LAURA C. WITHAUP, in said Court filed against you, within ten days from the service of this writ, exclusive of the day of service, if served on you in this County; but if served on you without said County, and within said District, twenty days; and if served on you without said County and District, then in forty days from such service, exclusive of the day of service, in an action commenced on the 14th day of December, A. D. 1866, in said Court, to obtain a judgment and decree of the Court, dissolving the bond of Matrimony existing between you and Plaintiff in this action, and that she be restored to the rights and privileges of a single woman, and that she have the care and custody of the child Alice—and recover from you her costs of suit and Counsel fees in this action. All of which you will find more fully set out in the complaint on file, a certified copy of which is herewith served, and to which you are referred.

And you are hereby notified that if you fail to answer the complaint as directed, Plaintiff will take judgment by default against you and apply to the Court for the relief demanded.

In witness whereof, I David W. Smeat, Clerk of said Court, do hereunto set my hand and

—L.S.— at the Court House, in said County of Placer, this 14th day of December, 1866.

SEMI-WEEKLY ENQUIRER.

To PRINTERS.—A good compositor, of steady habits, can obtain permanent employment by applying this office, immediately.

RAILROAD GRANTS.—In the House of Representatives, on the 18th, Price of Iowa, from the Committee on the Pacific Railroad, reported back adversely the Senate bill of last session, granting lands to aid in the construction of a railroad and telegraph line from Placerville, California, to the most feasible point of intersection with the Pacific Railroad in Nevada, which was laid on the table. He also reported back with sundry amendments, the House bill granting lands to aid in the construction of a railroad and telegraph line from Puget's Sound, or Admiralty Inlet in Washington Territory, to the Columbia River.

The amendments were agreed to, and Mr. Price explained the objects of the bill. It was to aid in the construction of a railroad, to connect a road authorized at the last session with Puget's Sound. It made like grants of land with those made in that bill. The road was to be nothing more nor less than a continuation of the Oregon and California Railroad till it struck Admiralty Inlet.

Mr. Washburne, of Illinois, suggested the postponement of the bill till the second Tuesday in January. The House had last session called for information as to the quantity of public land already appropriated. That information has not yet been received; at least he had not seen it. It was important that the House should know exactly where the Government stood in regard to its public lands. He hoped, therefore, the gentleman from Iowa (Mr. Price) would consent to the postponement.

Mr. Price assented, provided it were made a special order.

Messrs. Henderson of Oregon, McRuer, of California, and Bidwell, of California, opposed the postponement, and urged immediate action on the bill.

Finally, the motion for a postponement prevailed by 74 to 41.

Mr. McRuer, from the Committee on Public Lands, reported back favorably the Senate bill of last session, amending the Act granting lands to the State of Oregon to aid in the construction of a military road from Eugene City to the eastern boundary of Oregon.

No QUACK MEDICINES.—It has been very truly remarked that the questions of reconstruction will not be settled by a syllogism or a theory. No end of quack medicines are advertised for the cure of the disease, but the only safe way is to put the case in the hands of a good loyal physician. Dr. Johnson has turned out an ignorant impostor. Under his treatment the patient has been growing no better very fast. So, in November it was voted to turn him out of the house, and to call in the regular family physician. If Dr. Johnson cannot cure the evil, the case must be hopeless.

But directly he enters the chambers, there is a loud outcry for sundry of the advertised quack medicines. "Do, Doctor, try universal suffrage and universal amnesty!" "Do try a little more Constitutional Amendment!" "Do try loyal State Governments!" Very likely one or all of these remedies may be useful at a proper time, but the anxious friends about the bedside should remember that a quack medicine is just as bad as a quack doctor. The true way is to place the patient under the care of a reliable physician, who will employ from time to time such agencies as may meet the varying conditions of disease. Probably no one remedy will suffice to meet them all. We believe the first thing to be done is to establish territorial governments, through which a loyal Congress may aid, strengthen and co-operate with the loyal people. Then, in each State such steps should be adopted as the circumstances of that State require, until its condition is such and its evidence of ability to sustain a loyal government is so satisfactory, that Congress may safely restore it to representation. But to suppose that the very same nostrum will answer equally well for all the States, or that any one remedy will at once and forever end the disease, is to repeat precisely the blunder which has made Mr. Johnson's experiment so lamentable a failure.

THE FALLEN FLAG.—It is related of a son of Robert E. Lee, that at a recent dinner party in Richmond, one of the guests proposed as a toast "The Fallen Flag." Col. Lee promptly placed his hand up on the glass and arose. "Gentlemen, this will not do. We are paroled prisoners. We now have but one flag, and that is the flag of our country—the glorious old Stars and Stripes. I can recognize no other, fight for no other and I will drink to no other."

RETURNED.—Mr. J. C. Scripture, Photographic Artist, has returned to this place, and is now ready to take better pictures than ever. He is at the Golden Eagle.

THE prize fight between Doony Harris and Tommy Chandler will come off within three weeks. A purse of \$5,000 will fall to the winner.

MEDICAL.

S. T.—1860.—X.

"JES' SO!" "EXACTLY!"—Solon Shingle said, in the morning, he took Plantation Bitters; if he felt weary at night he took Plantation Bitters; if he lacked appetite, weak, languid, or mentally oppressed, he took Plantation Bitters, and they never failed to set him on his pins square and firm.

A few bottles of PLANTATION BITTERS will cure Nervous Headache, Cold Extremities and Feverish Lips, Sour Stomach and Fetid Breath, Flatulency and Indigestion, Nervous Affections, Excessive Fatigue and Short Breath, Pain over the Eyes, Mental Despondency, Prostration, Great Weakness, Sallow Complexion, Weak Bowels, &c., which are evidences of

Liver Complaint and Dyspepsia. After a long research, we are able to present the most pleasant, the most remarkable cure for those horrid nightmarish diseases, the world has ever produced. Within one year over six hundred and forty thousand persons have taken the Plantation Bitters, and not an instance of complaint has come to our knowledge.

It is a most effective tonic and agreeable stimulant, suited to all conditions of life. The report that it relies upon mineral substances for its active properties are wholly false. The original quality and high standing of these goods will be sustained under every and all circumstances. They have already obtained a sale in every town, village, parish and hamlet among civilized nations. Bitter initiators try to come as near our name and style as they can, and because a poor article cannot be sold as well as a good one, they find some support from parties who do not care what they sell. Be on your guard. See our private stamp over the cork.

P. H. DRAKE & CO., NEW YORK CITY, Proprietors. Sold by all Druggists, Grocers, country stores and dealers throughout the world; small dealers can obtain supplies of any wholesale House in any large city or town in the Union.

BARNES' MAGNOLIA WATER.

A toilet delight! The Ladies' delight and Gentleman's boon! "The sweetest thing" and latest quantity. Manufactured from the rich Southern Magnolia. Used for bathing the face and person, and to render the skin soft and fresh, to prevent eruptions, and to perfume clothing, &c. It overcomes the unpleasant odor of perspiration. It removes redness, tan, blotches, &c. It cures nervous headache and allays inflammation. It cools, softens and adds delicacy to the skin. It yields a subdued and lasting perfume. It cures musquito bites and sting of insects. It contains no materials injurious to the skin. It is what every lady should have. Sold everywhere. Try the Magnolia Water once and you will use no other. No more perfume or toilet water afterwards. Sold by Druggists and Dealers everywhere. **DEMAS BARNES & CO.,** Props. Exclusive agents, N. Y.

LYON'S KATHAIRON.

It is a most delightful Hair Dressing. It eradicates scurf and dandruff. It restores the hair to its natural color and cleanses the scalp. It makes the hair rich, soft and glossy. It prevents the hair turning gray and falling off. It restores the hair upon prematurely bald heads. This is just what Lyon's Kathairon will do. It is pretty—it is cheap—durable. It is literally sold by the car-load, and yet its almost incredible demand is daily increasing, and there is hardly a country store that does not keep it, or a family that does not use it.

E. THOMAS LYON, Chemist, N. Y.

LYON'S EXTRACT GINGER.

LYON'S EXTRACT OF PURE JAMAICA GINGER.—For Indigestion, Nausea, Heartburn, Sick Headache, Cholera Morbus, Flatulency, &c. where a warming stimulant is required the useful preparation and purity make it a cheap and reliable article for culinary purposes. Sold everywhere at fifty cents a bottle. Ask for "Lyon's Pure Extract." Take no other. See that the private U. S. stamp of Demas Barnes & Co. is over the cork of each package. None other is genuine.

MUSTANG LINIMENT.

Have you a hurt child or a lame horse? Use the Mexican Mustang Liniment. For cuts, sprains, burns, swellings and caked breasts, the Mexican Mustang Liniment is a certain cure. For rheumatism, neuralgia, stiff joints, stings and bites, there is nothing like the Mexican Mustang Liniment.

For spavined horses, the poll evil, ringbone and swellings, the Mexican Mustang Liniment never fails. For wind galls, scratches, big-head and splint, the Mexican Mustang Liniment is worth its weight in gold.

Cuts, bruises, sprains and swellings are so common and certain to occur in every family, that a bottle of this Liniment is the best investment that can be made.

It is more certain than the doctor—it saves time in sending for the doctor—it is cheaper than the doctor, and should never be dispensed with.

In hiring the kettle from the fire, it tipped and scalded me terribly. The Mustang Liniment extracted the pain and caused the scald to heal rapidly, and left very little scar.

Mr. S. Litch, of Hyde Park, Vt. writes: "My horse was considered worthless, (spavin) but since the use of the Mustang Liniment I have sold him for \$150. Your Liniment is doing wonders up here." All genuine is wrapped in steel plate engravings, signed G. W. Westbrook, Chemist, and also has the private U. S. stamp of Demas Barnes & Co. over the top. Look closely. Sold by all Druggists at 25, 50 cents, and \$1.

LYON'S FLEA POWDER.

DEATH TO FLEAS.—It is well known that Lyon's genuine Magnolia Water perfectly destroys everything in the shape of Fleas, ticks, bed-bugs, roaches, &c.; that it is perfect poison to the insect tribe, but entirely harmless to the human species and domestic animals. The genuine has the signature of E. Lyon, and the private stamp of Demas Barnes & Co. Anything else of this kind is an imitation or counterfeit. Any Druggist will procure the genuine if you insist you will have no other.

REDINGTON & CO.'S

ESSENCE OF JAMAICA GINGER.

THIS valuable preparation, containing in a highly concentrated form all the properties of the Jamaica Ginger, has become one of the most popular domestic remedies for all diseases of the stomach and digestive organs.

As a tonic it will be found invaluable to all persons recovering from debility, whether produced by fever or otherwise, for whilst it imparts to the system all the glow and vigor that can be produced by wine or brandy, it is entirely free from the reactionary effects that follow the use of spirits of any kind.

It is also an excellent remedy for females who suffer from difficult menstruation, giving almost immediate relief to the spasms that so frequently accompany that period.

It gives immediate relief to Nausea, caused by the riding in a railroad car, or by sea-sickness, or other causes. It is also valuable as an external application for Gout, Rheumatism, Neuralgia, etc.

REDINGTON & CO.,

SOLE AGENTS for the PACIFIC COAST.

STOP THAT COUGHING!

SOME of you have tried every remedy but the ONE destined by its intrinsic merit to suppress all similar preparations. It is not surprising that you should be reluctant to try anything else after the many experiments you have made of trashy compounds foisted on the public as a certain cure; but

NEWELL'S PULMONARY SYRUP

is really the VERY BEST remedy ever compounded for the cure of Coughs, Colds, Sore Throat, Asthma, Whooping Cough, Bronchitis and Consumption. Thousands of people in California and Oregon have been already benefited by the surprising curative powers of

Newell's Pulmonary Syrup

and with one accord give it their unqualified approbation. We now address ourselves to all who are unacquainted with this, the greatest Panacea of the age, for the healing of all diseases of the Throat and Lungs, assuring you that

Newell's Pulmonary Syrup

has cured thousands and it will cure YOU if you try it. This invaluable medicine is pleasant to the taste; soothing, healing and strengthening in its effects; entirely free from all deleterious drugs, and perfectly harmless under all circumstances. Certificates from many prominent citizens of San Francisco accompany every bottle of

Newell's Pulmonary Syrup.
